**GROUP 3600**

Madam:

In response to the Office action dated October 17, 2002, Applicant respectfully requests entry of the following amendments and remarks into the above-identified application for the Examiner's review and consideration.

IN THE CLAIMS:

A marked up version of the amended claims, showing insertions and deletions, is attached as Appendix A. A complete listing of all currently pending claims, reflecting the amendments below, is attached as Appendix B.

Please replace the following claims:

1. (Amended) A gun rest comprising:  
a plate having a first end section lying generally in a first plane, a second end section and an intermediate section, wherein the plate is bent at the intermediate section such that an interior angle from about 90° to about 150° is formed between the first end section of the plate and the second end section of the plate; and  
an opening formed in the first end section of the plate through which [a] an elongated shaft having a longitudinal axis may be inserted;  
wherein the opening is configured and arranged to allow selective adjustment of the plate's position along the length of the shaft; and  
the first end section when disposed in on the shaft is configured such that the plane of the first end section is non-perpendicular to the longitudinal axis of the shaft.
